

CALL FOR VOLUNTEERS

2016 Annual PCRID Conference
November 5-6, Bethesda, MD

2016 Conference Committee Positions

Get Involved! Serve on a PCRID Conference Committee!

Each year the PCRID conference has a number of opportunities to serve on various committees. In addition to contributing to the success of a great conference, service on a committee enables you to develop your leadership skills and use your expertise and experience to help guide the conference program, services, and publications.

This year we are doing things a little differently. In line with our conference theme, *Together, We Grow*, we have two leadership positions available for each committee: Lead Chair and Learning Chair. Our goal with the Learning Chair position is to encourage people who are interested in getting involved but are apprehensive about taking on full responsibility for a position. This teamed approach allows the Learning Chair to learn along the way with support, and therefore be prepared to take the leadership role on a committee for a future conference. While we encourage PCRID members to apply, any individual may apply to volunteer for Conference Committee Lead Chair or Conference Committee Learning Chair.

We are still seeking the following positions:

Lead Chair: Presenters, Support Staff, Exhibits/Sponsors, Audio/Visual

Learning Chair: Food and Beverage, Program Book, Registration, Support Staff, Exhibits/Sponsors, Audio/Visual

ALL members of the community are welcome, and encouraged to apply!! Volunteer contributions are critical to the success of the conference and to keep the organization thriving. We thank you for your consideration and support.

To apply for a committee position, either Lead or Learning, please send a letter of interest that includes the reason for your interest in the selected position and any past experience you have with that specific role or other conference planning/support experience.

Deadline for submission is June 15, 2016

Please fill out the application form at TinyURL.com/PCRIDvolunteers.

For additional information, visit the conference page at www.pcrid.org/2016conference.

For questions please email conference@pcrid.org.
